Allergy Friendly Menu

The health and safety of our guests are always a top priority. As a part of this ongoing commitment, we provide the most current allergen menu information available from our food suppliers on eight common allergens including Dairy, Egg, Fish Shellfish, Gluten/Wheat, Sesame, Peanut and Tree Nuts. While every effort is made to keep this information current it is possible that ingredients change and substitutions may occur. We are not an allergy free kitchen therefore during normal kitchen operations involving shared cooking and preparation areas, the possibility exists for food items to come in contact with other food products. All our fried products are cooked in a shared fryer. Please avoid foods you may be concerned of cross contamination.
